Dear students, dear members,

We hereby invite you to the fourth extraordinary meeting of the Student Council 2021 and would like to draw your attention to the following important information regarding the access to the conference:

1. All members and other interested students who would like to participate in the meeting must access the session via StudIP. The stream will be available in the form of a BigBlueButton meeting on Stud.IP in the public study group "Studierendenrat im Notbetrieb".
