

Election Commission of the Student body of the  
University of Bremen  
Student house, AStA floor, room A 2040B  
(Temporarily closed due to corona virus)  
email: [srwahl@uni-bremen.de](mailto:srwahl@uni-bremen.de)

### **Information for the declaration of candidacy (nominations)**

Dear Student,

You would like to run for the students council election? (You are matriculated? You've paid the semester fee? If so, let's go!)

To do so, we need the declaration of candidacy attached here. Please fill it out completely with your personal data, your studies and your candidacy. Tip: Save this document on your reader, then open it with a pdf-reader, then you can fill and print out the second page, the declaration of candidacy, digitally. This helps the Election Commission to decipher the details given on the formular tremendously. After you've filled everything out, yourhandwritten signature is required in any case.

Election proposals can be submitted to the election commission as individual candidates or as a closed list proposal. To submit an individual candidacy, please choose a name for your list (list title) and a short list title. Please make sure to select "yes" for an individual candidacy.

If you want to run for a list, this is a closed list proposal. Please make sure to select "no" for individual candidacy. A list with the order of candidates must be attached to each of the declarations of candidacy on the list, such as yours. In addition, a responsible contact person with phone number and e-mail address for the list must be named. The name must be explicitly stated. In addition to the list name, the nominations should be provided with a keyword (list short name).

If your list, for which you want to run for election, has decided to run together with another list as a list connection for the student council election, you must explicitly agree to this and provide the name of the list in full. Only in this case your second signature is required.

The deadline for submitting election proposals is **Thursday, 03.06.2021, 1 p.m.** They must be submitted in the original to the election commission by that time. Please drop the election proposal in the mailbox of the election commission. It is located in the corridor to the AStA conference room opposite room A 2120, accessible via the Studierendenwerk, entrance on the second floor in the 'Glaskasten' (the AStA floor is closed due to corona, no access from there). Wearing a mask is mandatory when entering the building because of corona. The order of the lists for the ballot paper

for the student council election will be publicly drawn in Seafle on **Friday, 04.06.2021, 1 p.m.** If you are interested, the election committee can send you a link.

The sample ballot will be published from **Monday, 07.06.2021, 1 p.m.** The period for objection against this sample ballot ends on **Thursday, 10.06.2020, 1 p.m.**

The SR election commission

## Declaration of candidacy for the election of the students council of the University Bremen 2021

- Please fill out the form electronically or clearly readable in block letters -
