Information sheet for the declaration of candidacy (election proposal)

Dear student,

You would like to run for the student council elections at the University of Bremen. (Are you enrolled? Have you paid the student union fee? If yes, here we go).

To do so, we need the attached declaration of candidacy, which you have to fill out completely with information about yourself, your studies and your candidacy. Tip: Save this document on your computer, open it with a pdf-reader, then you can fill out the second page, the declaration of candidacy, digitally, and print it out. This will make it much easier for the election commission to decipher the necessary information on the form.

After filling out the form, your handwritten signature is required in any case. Proposals for election can be submitted to the election commission as an individual candidacy or as a closed list proposal.

If you want to submit an individual candidacy, please specify a name for your list (list designation) and a short list designation. Please make sure to check "Yes" for individual candidacy.

If you want to run for a list, then this is a closed list proposal. For this, you must specify the name of the list and make sure that you tick "No" for individual candidacy. To the individual declarations of candidacy of the list, like yours, a list with the order of the candidates has to be attached. In addition, a responsible contact person with telephone number and e-mail address for the list must be named on this list.

The name and, if applicable, the list abbreviation of the list must be explicitly stated. In addition to the list name, the election proposals should be provided with a list abbreviation.

If the list for which you want to run, has decided to run together with another list as a list combination for the student council election, you must explicitly agree to this and state the name of the list in full. Only in this case your second handwritten signature is required.

The deadline for submitting election proposals is **Monday, 30.05.2022, 13:00**. The original must be submitted to the election commission by that time. Please put the election proposal in the mailbox of the election commission. This is hanging in the hallway to the AStA conference room opposite room A 2120, accessible via the Studierendenwerk, entrance on the second floor in the glass box.

Alternatively, the declaration can also be submitted to us by mail. However, this also requires a handwritten signature. So please print it out, sign it and send us the scanned version.

The order of the lists for the ballot of the student council election will be drawn publicly on Seafle on **Tuesday, May 31, 2022, 13:00**. If interested, access information can be obtained from the Elections Committee.

The sample ballot will be published from **Wednesday, 01.06.2022, 13:00**. The objection period against this sample ballot ends on **Saturday, 04.06.2022, 13:00**.

The SR Election Commission

Name + Surname	<input type="text"/>
Street, no. (additional if necessary)	<input type="text"/>
Postal code, city	<input type="text"/>
